

End of the day Report

Name: Mark Andrie D. Datus	
Date: 05/14/2026	Position: Web Developer Intern

For Developers:

Kindly include a screenshot of the user interface and provide the relevant code snippet for the feature or task you are currently working on. This will help ensure proper documentation, transparency, and easier review of progress.

For QA:

Please indicate the specific module you are currently testing and provide the status of the related test cases (e.g., Passed, Failed, In Progress). Additionally, list all blockers encountered during testing and attach the corresponding file link in the description for reference.

This will help maintain clear tracking, improve collaboration, and ensure timely resolution of issues.

Note:

When creating or responding to emails, please ensure that only one email thread is used to facilitate better tracking and efficient monitoring of tasks.

Activity	Description
Assign ticket TCK-00114 high approved DEPARTMENT ASSIGNED INFORMATION TECHNOLOGY SELECT EMPLOYEE ☐ Juan Santos ☐ Maria Cruz ☐ Jose Reyes ☐ Ana Garcia ☐ Carlo Mendoza ☐ Paolo Castro ☐ Mark Andrie Datus Cancel Assign Employee Employee re-assigned successfully. CANNOT ACCESS EMAIL ACCOUNT TCK-00114 Approved High Assign Employee TICKET DETAILS Information Technology Mark Andrie Datus Not assigned yet DATE CREATED May 10, 2026 TIME CREATED 6:34 PM LAST UPDATED May 10, 2026 6:35 PM TICKET AGE 4 days Detail the request -- problem, hypothesis, and proposed solution. Issue: example for better explanation COMMENTS (0) Write a comment... Post comment No comments yet Be the first to leave one	Successful • Assigning multiple employees in single ticket • Change the dropdown to checkboxes • Re-assigning: ◦ If the department is change the employees selection will also change On progress • Create User Account • Admin assigns a department to each user account • Edit User Details

```

$('#AssignEmployeeBtn').click(function(){
    const departmentID = this.getAttribute('data-departmentID');
    const departmentName = this.getAttribute('data-departmentName');

    $('#EmployeeModelDisplay').text(departmentName);
    $('#assign-department-id').val(departmentID);
    //load the employee name base on the current department
    $.ajax({
        url: BASE_URL + 'tickets/Reassign/getemployees/' + departmentID,
        type: "GET",
        dataType: "JSON",
        success: function(data) {
            let html = '';

            data.forEach(function(emp) {
                html += `
                <div class="p-2">
                    <input type="checkbox" id="${emp.employee_id}" value="${emp.employee_fullname}">
                    <span>${emp.employee_fullname}</span>
                </div>
                `;
            });

            $('#assign-employee-dropdown').html(html);
        }
    });
});

```

```

// ===== Assign Employee (ticket) =====
public function assignEmployee($ticket_id, $employee_id)
{
    $author_id = $this->session->userdata('user_id');

    foreach($employee_id as $empID){
        $data = [
            'ticket_id' => $ticket_id,
            'assigned_by' => $author_id,
            'assigned_to' => $empID,
        ];

        $this->db->insert('ticket_assigned', $data);
    }
}

```

CODE SNIPPETS

- Ajax logic for displaying employees based on the assigned department
- Code for 2 employees making 2 separate record each individual or employee
